

PLAN
COMPARE
MIGRATE
WITH CONFIDENCE.

Lumen Is Moving Away From Voice.

Don't Let a Contract Date Choose Your Next Provider.

There is no one "Lumen replacement."

Voice Complete, SIP trunks, PRI, Teams, toll-free, legacy PBXs and global voice environments don't all require the same answer.

Clarify360 helps you understand what you have, compare the right replacement options and build a migration plan before a contract date makes the decision for you.

START WITH YOUR ENVIRONMENT

If you have...	We evaluate...
Lumen Voice Complete	Call paths, pooling, PBX support, failover and replacement architecture
SIP Trunking	SIP architecture, redundancy, security and carrier options
PRI / Legacy Voice	PRI handoff, SIP migration and legacy PBX compatibility
Microsoft Teams Voice	Direct Routing, Operator Connect and PSTN connectivity
DID / Toll-Free	Porting, numbering, routing and toll-free requirements
Contact Center Voice	SIP, BYOC, redundancy and routing
Analog / Specialty Lines	Fax, paging, alarms and other specialty requirements

THERE IS NO ONE LUMEN REPLACEMENT.

Replacement options may include:

 PURE IP[®] / BCM ONE Global voice, SIP, PSTN and cloud collaboration connectivity.	 MetTel SIP and PRI environments, legacy PBX support and shared call-path requirements.	 Granite SIP, PBX connectivity, Microsoft Teams and business continuity options.	 CCI SIP, legacy voice environments and managed communications services.	 Microsoft Teams Operator Connect or Direct Routing
---	--	---	---	--

Clarify360 is not tied to one answer. We compare providers against your actual technical, operational and commercial requirements.

WHAT WE COMPARE

Architecture

Coverage

Migration

Support

Contract Terms

Cost

Future Strategy

ASSESS

Understand the services, numbers, locations, call paths and technology you have today.

COMPARE

Evaluate the providers that actually fit the environment.

PLAN

Build the porting, testing, implementation and cutover strategy.

MIGRATE

Stay supported through implementation instead of managing the transition alone.

DON'T LET A CONTRACT DATE CHOOSE YOUR NEXT PROVIDER.

Send us your Lumen bill, contract or service inventory. We'll help you understand what is affected, what can stay and which replacement paths are worth evaluating.
